Indicator	Number	Quartile	Comparison with all Salford Secondary	Period	Lowest	Salford	Highest	Summary Charts
1 Number of registered pupils*	279	Quartile 1	NA	2015/16				 <p> ■ Quartile 1 ■ Quartile 2 ■ Quartile 3 ■ Quartile 4 </p>  <p> ■ Lower than Salford average ■ No difference ■ Higher than Salford average </p> <p> Notes: • Numbers lower than five have been suppressed. • Quartiles are based on crude rates per school population. • Higher incidence levels may be a sign of good care pathways rather than high prevalence and so should not necessarily be regarded as a negative. • This profile is intended as a guide only. All the data contained will be historical and so as pupils leave and join schools each year need will inevitably change. Please refer to the 'Period' column when considering each issue. • Y6 Excess weight measured in primary school. • NEET numbers refer to former students. • Teenage pregnancy numbers typically refer to former students. </p>
